

## Which class is best for my 4 or 5 year old?

Class Descriptions can be found at [www.sunsetchristianpreschool.com/classes](http://www.sunsetchristianpreschool.com/classes)

### 4s classes (4 by Aug. 31, 2018)

3 day AM | MWF | 9-12 □ 4 day AM | MTWTh | 9-12 □ 4 day PM | MTWTh | 1-4

Depending on enrollment, **MWF & PM MTWTh** may be combined with 3 year olds

#### Is this the right class for my child?

While many children in our 4s classes attend kindergarten in public or private schools the next year, this is a perfect class for younger 4-year olds. Some children in our 4s classes attend Jr. K the following year prior to entering a full-time kindergarten program. 4s classes can be a wonderful choice for families who still want a day or two at home with their child.

- **3 day AM | MWF** is a great class for young 4 year olds or children having their first preschool experience. *Due to licensing regulations extended care options are not available for this class.*
- **4 day AM | MTWTh** offers the flexibility of attending SCP all day by adding Enrichment. Add Friday morning Enrichment and your child can attend all day MTWThF.
- **4 day PM | MTWTh** is the perfect class for the child that benefits from a smaller class setting.

### Pre-K (4 by Aug. 31, 2018)

AM Pre-K | M-F | 9-12

#### Is this the right class for my child?

This is the perfect class for children planning to enter full-day kindergarten at the completion of their Pre-K class. This class introduces children to the idea of attending school Monday through Friday, while laying a foundation of academic and social-emotional skills to help them thrive as they move on from SCP.

- **AM Pre-K** is the best choice for families who wish for their child to attend all day by adding Enrichment.

### Jr. K (5 by Dec. 31, 2018)

Jr. K | M-F | 9-3

#### Is this the right class for my child?

Our Jr. K program serves children that turn 5 in 2018. If your 5-year-old needs more time before entering a full-day kindergarten program, this is the perfect class for your child. This is also a great class for the older 4-year old that is ready to begin some kindergarten skills. Children in this program will practice skills needed for success in full-day kindergarten while also being exposed to early kindergarten skills as their readiness allows for it.
